# **US 93 DESIGN DISCUSSIONS EVARO TO POLSON COMMITTEE MEMBERS**

---

*The agreements represented here are the results of tremendous efforts by the committee listed below. Their efforts provided solutions that are sensitive to the common and unique issues of this corridor. The trust, sincerity, and spirit of cooperation created during the process of developing the Agreement truly reflect the integrity and diligence of these men and women.*

*In addition to those listed here, we want to acknowledge the late Chairman of the Confederated Salish & Kootenai Tribes, Mickey Pablo, who was instrumental in getting these discussions underway. We also want to acknowledge Mr. Jim Weaver, retired Missoula District Administrator for the Montana Department of Transportation, who also assisted in our initial efforts.*

## **US 93 DESIGN DISCUSSIONS**

*Successful agreements are results of comprehensive teamwork and staff support. The entities and consultants recognize the dedication and commitment of their staff people who assisted with technical expertise, tremendous knowledge, professional skills, and often a willingness to work nights and weekends. The expectations put forth were met and, in many cases, exceeded to produce credible results that led to these encompassing agreements. Their continued help will result in improvements to US 93 that our constituents and we can take pride in.*
